LOVE EPIDEMIC II

11.16.2021 All Day Virtual Event

Join us as we learn how **trauma** is impacting our families and our community.

Hear from leading experts in **trauma-informed care** to learn how to be a better **leader and caregiver** to those recovering from **trauma**.

Learn about how to support loved ones affected by trauma on November 16

Trauma has affected so many people – our friends, neighbors, co-workers, and loved ones. Learn how to best help and support those who have experienced trauma.

There is hope. We all can play a role in improving our community's mental health simply by learning about the risk factors and the signs of individuals coping with trauma. Learn how to have a caring conversation with those who have experienced trauma and encourage them to reach out to the right resources for help.

Love Epidemic II will introduce you to subject matter experts, offer access to continued education, and provide resources regarding this important topic to better equip you to provide hope and healing.

We invite you to join us for Love Epidemic II on November 16th for this virtual event. It is **free** and open to anyone interested in this timely topic.

Click [HERE](#) to register!

or visit www.love-epidemic.com

The morning general sessions will explore the impact of trauma on both individuals and our communities. The afternoon sessions will provide **deeper dives** designed to equip participants to serve congregants, parishioners, and members who have been affected by grief, trauma, suicide, substance abuse, and mental illness. The event concludes with a live panel answering questions from the participants. Here is our full schedule:

LOVE Epidemic II Schedule - November 16, 2021
